

# September Reading Log

Name \_\_\_\_\_

Period \_\_\_\_\_

**Due Date – Monday, October 1, 2018**

Title	Author	Number of pages read	Parent's initials
Total pages read →			

**The requirements for your reading record are very specific, so read them carefully.**

- You are required to read a *minimum* of 300 pages each month. Grading scale: 300 pages = A (95%), 290-299 pages = A-, 260-289 pages = B, 240-259 pages = C, 200-239 pages = D, 200 pages or below = F
- The books cannot be audio books or books you have read previously.
- The pages must be from books read within the month. You may *not* record pages read from a previous month.
- Record the pages when you've finished the book. However, if you are still reading a book at the end of the month, record the pages you've read to that point and continue reading the book. Record the rest of the pages on the next month's record.
- Graphic novels are fun to read! But you may only count ½ the number of pages for your reading log.
- Your teacher may randomly choose one of the books on your record in which you will be given a writing assignment.

**Parent's Section:** Please sign below indicating that you believe your child has read the books and the pages recorded above.
